

Economic & Valuation Services

KPMG LLP's (KPMG) Economic & Valuation Services (EVS) practice helps clients make forward-thinking decisions to create long-lasting value by providing analytical services to support business strategy, operational changes, and financial and tax planning and compliance.

What we do

Economic Services

Help clients understand the impacts of contemplated activities and emerging legislation and regulations

- Cost-benefit analysis
- Economic impact analysis
- Macroeconomic modeling and policy analysis
- Predictive and econometric modeling

Transfer Pricing

Advise multinational companies on how they create value and the implications of related party dealings on global taxes

- International planning and advisory
- Process and systems implementation consulting (operational transfer pricing)
- Compliance and documentation
- Dispute resolution

Valuation

Assist clients in valuing companies, specific assets, and liabilities to help with their business decision making and reporting requirements

- Value equity interests, trademarks, customer relationships, machine and equipment, real estate, financial instruments
- Financial reporting—perform purchase price allocations, impairment testing, stock option valuations, IFRS reporting
- Mergers, acquisitions, divestitures—price potential transactions and analyze potential impacts on earnings
